ABSTRACT

This work presents eight extensive tables containing data collected in a national survey of U.S. library networks conducted in 1977 and 1978. Figures and yes/no or code notations are provided for each organization, and for state or District of Columbia (DC) totals, were applicable. Tables are organized by state and DC. Information is given on: (1) the general characteristics of cooperative library organizations; (2) participants in cooperative library organizations, by category of participant; (3) total paid and unpaid staff in full-time equivalents (FTE), by position; (4) total professional staff in FTE, by position; (5) total funds, by source of funds; (6) total expenditures, by category of expenditure; (7) major services and activities provided in cooperative library organizations; and (8) automated activity in cooperative library organizations, by type of activity.
